## CAROUSEL

Is set in New England in the latter half of the 19th Century, Julie and Billy meet by a carousel at a fair ground. You will follow them through a tempestuous love affair with some of Oscar Hammerstein's loveliest music and lyrics. The duet, "If I Loved You", touches a depth of feeling almost unequalled in modern song writing, and Billy's "Soliloquy", on a man's longing for a child is most moving. Other musical numbers, such as "June is Bustin' Out All Over", "When the Children are Asleep", "You'll Never Walk Alone" are just some of the lovely songs in . . . .
